Firm Ranked #1

LOS ANGELES - November 8, 2007. TOWER GENERAL CONTRACTORS, California's 75th biggest general contractor and the largest minority owned general contractor in the County of Los Angeles, was awarded the Fastest Growing Private Company in the San Fernando Valley by Union Bank of California Market President Bitu Ardalan in Los Angeles last night.

The event, hosted by The San Fernando Valley Business Journal and sponsored by Union Bank of California, recognized Tower General Contractors for its continued growth.

Based in Los Angeles and Irvine, Tower General Contractor is currently building the Columbia Space Shuttle Museum, Remodeling the historic Beverly Hills City Hall and is starting construction on a fourth Union Bank of California branch this year.
